declare:

- 2 -

1. That we made and conceived the invention described and claimed in Patent Application Number 10/043,344 filed in the United States of America on January 14, 2002 titled TRANSFERRIN RECEPTOR GENES
2. That we made and conceived this invention while employed by Aventis Pasteur Limited. That the invention is related to the work we are employed to perform and was made within the scope of our employment duties; That the invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of Aventis Pasteur Limited.
3. That to the best of our knowledge and belief:
The invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy.
AND
The invention was not made (conceived or first actually reduced to practice) under nor is there any relationship of the invention to the performance of any work under any contract of the National Aeronautics and Space Administration.
4. The undersigned inventor(s) declare further that all statements made herein of his or her (their) own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements
